

Hot Tub Care Spa & Hot Tub Defoamer quickly eliminates and prevents foaming in spa water.

Directions:

- Use 1 ounce per 100 gallon
- Use 2 ounces per 200 gallon
- Use 3 ounces per 300 gallon
- Use 4 ounces per 400 gallon

More may be used to eliminate stubborn foam. Shake product well before use. Start hot tub and let run for 30 seconds. Stop hot tub agitation. In a still hot tub add the appropriate amount of Hot Tub Care Defoamer allowing the defoamer to disperse. Stir with hand if desired. Turn on hot tub. If foam persists add additional Hot Tub Care Defoamer.
